Eastex Telephone Cooperative, Inc.

A Phone For Every Farm. Broadband For Every Barn.

Happy Mother's Day!

Mother's Day is Sunday, May 14.

Memorial Day Holiday

Eastex Telephone business offices will be closed Monday, May 29, 2017 in observance of Memorial Day! Take time to remember those who served!

Congratulations to all 2017 Graduates!

User Tips & Tricks

Today's technological world is getting increasingly difficult to follow, much less understand, so we wanted to start providing some tips and tricks to help our customers get the best usage and efficiency out of your time spent on-line... not to mention the myriad of devices we now use in our homes.

One of the best ways to get the most "bang for your buck" spent on your DSL/Broadband package is to make sure you are utilizing the **UNLIMITED DATA USAGE** offered by Eastex.

This incredible benefit offered by Eastex allows you to connect your devices that use data (phone, computer, I-pad, tablet, etc.) to Wifi so that you can potentially reduce the costs associated with those devices. Simply enable the Wifi mode on all your devices (you may have to select your Wifi network and input your password). Once you do that, each device should connect to the internet over your Eastex DSL/Broadband connection and not use up the data on that device. This could keep you from "going over" on your data plan and incurring extra costs.

We hope this tip is one that helps and one that you can take advantage of to help reduce the potential burdens and/or demands of our increasingly digital world!

We will continue to bring the same types of user helps in the future, so keep watching for more. If you have any questions about this tip, please let us know, and we will make sure your questions get answered in a timely manner.
